**Subject:** RE: WRIA 13 PIDA funds approved

Hi, again! Hey, I forgot to mention this key point in the SRC Exec Comm decision below:  
They asked if Jamie would specifically put that they'll share the information with DFW into the PIDA contract.

I know Jamie already shares the info with partners and agencies, but they did request that. Dave Price at DFW was the one who requested it, and he said Jamie's contact at DFW for it should be Andy Weis.

Thanks, ladies!

Stephanie

**Subject:** WRIA 13 PIDA funds approved

Good morning! I just got off the Salmon Recovery Council Executive Committee call, and they approved the spending plan with PIDA funds for the 4 projects that the WRIA 13 Lead Entity requested. The Lead Entity agreed on these projects (attached), and PSP is confirming and concurring with that request.

Let me know what else you need from my end to proceed. Thank you!
